PRINTED IN U. S. A.

Better than ever before—yet lower in price, the popular Model FG-415 becomes the outstanding contender for the top spot in the volume retail price bracket. It has the same attractive styling; the strength and rugged durability for which genuine Fiberglas is famous. This modern miracle material has world wide use in rockets, inter-continental missiles, boats, fishing rods, and sport car bodies. The Model FG-415 also has an impressive list of new features which make it one of the finest tackle boxes you could offer at any price.

Here's what's NEW on the FG-415:

- unbreakable plastic trays of increased size, absolutely impervious to rust, corrosion, chemicals, heat or cold; even battery acid
- durable, comfort-shaped unbreakable handle—white to dramatize the rich color of the box
- solid brass or aluminum metal parts
- scientifically designed reinforcement is press-molded into box

Packed 4 per carton, 2 each green and red.
